

P. CECCARELLI: ELENCO PUBBLICAZIONI 2004-2013

1. Dall'Aglio, Zannoni A, Forni M, Bacci ML, Ceccarelli P, Boiti C. (2013). Orexin system expression in the gastrointestinal tract of pigs. *Res Vet Sci.* 95(1):8-14
2. Pessina A, Coccè V, Pascucci L, Bonomi A, Cavicchini L, Sisto F, Ferrari M, Ciusani E, Crovace A, Falchetti ML, Zicari S, Caruso A, Navone S, Marfia G, Benetti A, Ceccarelli P, Parati E, Alessandri G. (2013). Mesenchymal stromal cells primed with Paclitaxel attract and kill leukemia cells, inhibit angiogenesis and improve survival of leukemia-bearing mice. *Brit J Haematology*, 160, 766-778.
3. Scocco P, Mercati F, Brusafferro A, Ceccarelli P, Belardinelli C, Malfatti A. (2013). Keratinisation degree of rumen epithelium and body condition score in sheep grazing on *Brachypodium rupestre*. *Veterinaria Italiana*, 49, 211-217.
4. Dall'Aglio C, Pascucci L, Mercati F, Boiti C, Ceccarelli P. (2012). Localization of the orexin system in the gastrointestinal tract of fallow deer. *Acta Histochem.*, 114, 74-78.
5. Dall'Aglio C, Polisca A, Boiti C, Ceccarelli P. (2012). Immunolocalization of leptin and its receptor in the placenta of cats. *Acta Histochem.*, 114, 719-722.
6. Dall'Aglio C, Maranesi M, Pascucci L, Mercati F, Ceccarelli P. (2012). Immunohistochemical distribution of leptin receptor in the major salivary glands of horses. *Res Vet Sci.*
7. Dall'Aglio C, Pascucci L, Mercati F, Polisca A, Ceccarelli P, Boiti C. (2012). Immunohistochemical detection of the orexin system in the placenta of cats. *Res Vet Sci.* 92, 362-365.
8. Mercati F, Dall'Aglio C, Pascucci L, Boiti C, Ceccarelli P. (2012). Identification of cannabinoid type 1 receptor in dog hair follicles. *Acta Histochem.* 114, 68-71.
9. Scocco P, Lepri E, Mercati F, Vitellozzi G, Mechelli L, Ceccarelli P(2012). Glycohistochemical characterization of histologically normal nasal mucosa and enzootic nasal tumor of sheep. *Am J Vet Res.* 73,1128-1136.
10. Pascucci L, Curina G, Mercati F, Marini C, Dall'Aglio C, Paternesi B, Ceccarelli P.(2011). Flow cytometric characterization of culture expanded multipotent mesenchymal stromal cells (mscs) from horse adipose tissue: towards the definition of minimal stemness criteria. *Vet Im Immunopathol*, 2011, 499-506.
11. Pascucci L, Mercati F, Marini C, Dall'Aglio C, Marenzoni ML., Ceccarelli p. (2011). Banking horse adipose-derived mesenchymal stem cells for allogenic transplantation: how cryoconservation affects cell morphology, cultural features and in vivo efficacy. *Ippologia*, 22, 15-22,
12. Pascucci L, Mercati F, Marini C, Ceccarelli P, Dall'Aglio C, Pedini V, Gargiulo AM. (2010). Ultrastructural morphology of equine adipose-derived mesenchymal stem cells. *Histology and Histopathology*, 1277-1285.
13. Dall'Aglio C, Mercati F, Pascucci L, Boiti C, Pedini V, Ceccarelli P. (2010). Immunohistochemical localization of CB1 receptor in canine salivary glands. *Vet Res Comm.* 34, S9-S12.
14. Dall'Aglio C, Pascucci L, Mercati F, Giontella A, Pedini V, Ceccarelli P. (2009). Immunohistochemical identification and localization of orexin A and orexin type 2 receptor in the horse gastrointestinal tract. *Res Vet Sci.*, vol. 86, p. 189-193, ISSN: 0034-5288
15. Mercati F, Pascucci L, Ceccarelli P, Dall'aglio C, Pedini V, Gargiulo AM (2009). Expression of mesenchymal stem cell marker CD90 on dermal sheath cells of the anagen hair follicle in canine species *Eur J Histochem.* 53, 159-166.
16. Ceccarelli P, Scocco P, Malfatti A, Cesaretti S, Catorci A. (2009). Changes of sheep ruminal mucosae related to seasonal plant growth: when the anatomy is involved in the management of pastoral systems. *It J Anat Embryol.*, 114, 72.
17. Mercati F., Pascucci L, Gargiulo A.M., Dall'Aglio C., Ceccarelli P. (2008). Immunohistochemical evaluation of intermediate filament nestin in dog hair follicles. *Histology and Histopathology*, 23, 1035-1041.
18. Dall'aglio C., Pascucci L, Mercati F., Giontella A., Pedini V., Scocco P., Ceccarelli P. (2008).
19. Identification of orexin-A and orexin type 2 receptor-positive cells in the gastrointestinal tract of neonatal dogs. *Eur J Histochem.*, 52, 229-236
20. Pascucci L, Marini C., Mercati F., Dall'aglio C., Farneti S., Ceccarelli P. (2007). Le cellule staminali mesenchimali da tessuto adiposo di cavallo: isolamento, espansione in vitro ed identificazione

preliminare in vista di un possibile impiego nella terapia cellulare di lesioni tendinee e legamentose. *Ippologia*, 4, 13-18.

21. Scocco P, Pedini V, Ceccarelli P, Foglia M. (2006). The GIS as methodological approach for the evaluation of the morphometric variations of the rumen papillae. *it J Anat Embryol*, 111, ISSN: 1122-6714
22. Dall'Aglio C, Ceccarelli P, Pascucci L, Brecchia G, Boiti C. (2006). Receptors for leptin and estrogen in the subcommissural organ of rabbits are differentially modulated by fasting. *Brain Res.*, 1124, 62-69.
23. Pascucci L, Mercati F, Gargiulo AM, Pedini V, Sorbolini S, Ceccarelli P. (2006). CD34 glycoprotein identifies putative stem cells located in the isthmus region of canine hair follicles. *Vet Dermatol.* 17, 244-251.
24. Boiti C, Guelfi G, Brecchia G, Dall'Aglio C, Ceccarelli P, Maranesi M, Mariottini C, Zampini D, Gobbetti A, Zerani M. (2005). Role of endothelin-1 system in the luteolytic process of pseudopregnant rabbits. *Endocrinology*, 146, 1293-1300.
