

B. T. CENCI-GOGA: ELENCO PUBBLICAZIONI 2004-2013

1. Cenci-Goga BT, Fermani AG and Barbera S (2013a). Meat quality and slaughtering techniques Qualità della carne bovina in rapporto al metodo di abbattimento, 52, 18-24+28.
2. Cenci-Goga BT, Ciampelli A, Sechi P, Veronesi F, Moretta L, Cambiotti V and Thompson PN (2013b). Seroprevalence and risk factors for *Toxoplasma gondii* in sheep in Grosseto district, Tuscany, Italy. *BMC Veterinary Research*, 9.
3. Cenci-Goga BT, Sechi P, Cuccurese A, Poeta A, De Angelis G, Marini P, Mattiacci C, Rossi R, Pezzato R, Salamano G and Santori P (2013c). Religious Slaughter: Data from Surveys and Spot-Check Visits in Italy and Animal Welfare Issues. *Society & Animals*, 21, 459-488.
4. Poeta A, Santella E., Salamano G, Cuccurese A, Sechi P, Cambiotti V and Cenci-Goga BT (2013). Acceptability of electrical stunning and post-cut stunning among muslim communities: A possible dialogue. *Society and Animals*, 21, 443-458.
5. Rossi R, Cuccurese A, Pezzato R, Marini P, Cenci-Goga BT, Mattiacci C, Poeta A, Santori P, Salamano G, De Angelis G and Sechi P (2013). Religious slaughter: Data from surveys and spot-check visits in Italy and animal welfare issues. *Society and Animals*, 21, 459-488.
6. Salamano G, Cuccurese A, Poeta A, Santella E, Sechi P, Cambiotti V and Cenci-Goga BT (2013). Acceptability of Electrical Stunning and Post-Cut Stunning Among Muslim Communities: A Possible Dialogue. *Society & Animals*, 21, 443-458.
7. Sechi P, Ciampelli A, Cambiotti V, Veronesi F and Cenci-Goga BT (2013a). Seroepidemiological study of toxoplasmosis in sheep in rural areas of the Grosseto district, Tuscany, Italy. *Italian Journal of Animal Science*, 12, 236-239.
8. Sechi P, Paolotto P, McCrindle CME and Cenci-Goga BT (2013b). Seroepidemiological study of Johne's-disease in dairy cattle in Umbria, Italy. *Italian Journal of Animal Science*, 12, 196-199.
9. Cenci-Goga BT, Rossitto PV, Sechi P, Parmegiani S, Cambiotti V and Cullor J. S (2012). Effect of selected dairy starter cultures on microbiological, chemical and sensory characteristics of swine and venison (Dama dama) nitrite-free dry-cured sausages. *Meat Science*, 90, 599-606.
10. Rossitto P V, Cullor J. S, Crook J., Parko J., Sechi P and Cenci-Goga BT (2012). Effects of uv irradiation in a continuous turbulent flow uv reactor on microbiological and sensory characteristics of cow's milk. *Journal of Food Protection*, 75, 2197-2207.
11. Cenci-Goga BT, Rossitto P V, Sechi P, McCrindle C M E. and Cullor JS (2011). *Toxoplasma* in animals, food, and humans: An old parasite of new concern. *Foodborne Pathogens and Disease*, 8, 751-762.
12. Cenci-Goga BT, Mattiacci C, De Angelis G, Marini P, Cuccurese A, Rossi R and Catanese B (2010a). Religious slaughter in Italy. *Veterinary Research Communications*, 34, S139-S143.
13. Cenci-Goga BT, Vescera F, Paolotto P, McCrindle CME and Roberti U (2010b). Seroprevalence of *Mycobacterium avium* subspecies paratuberculosis in cows in Umbria, Italy. *Veterinary Record*, 167, 577-578.
14. Mariano V, McCrindle CME, Cenci-Goga BT and Picard JA (2009). Case-control study to determine whether river water can spread tetracycline resistance to unexposed impala (*aepyceros melampus*) in Kruger National Park (South Africa). *Applied and Environmental Microbiology*, 75, 113-118.
15. Abu Samra N., McCrindle CME, Penzhorn BL and Cenci-Goga BT (2007). Seroprevalence of toxoplasmosis in sheep in South Africa *Journal of the South African Veterinary Association-Tydskrif Van Die Suid-Afrikaanse Veterinere Vereniging*, 78, 116-120.
16. Cenci-Goga BT, Miraglia D, Ranucci D, Branciari R, Budelli L, McCrindle CME, Cioffi A and Mammoli R (2007). An in vitro system for the comparison of excision and wet-dry swabbing for microbiological sampling of beef carcasses *Journal of Food Protection*, 70, 930-936.
17. Miraglia D, Ranucci D, Branciari R, Cioffi A, Mammoli R, Cenci Goga BT and Avellini P (2007a). Prevalence of *Campylobacter jejuni* and *Campylobacter coli* in chicken hybrids with different growth rates, reared according to conventional and "Free-Range" production methods. *Veterinary Research Communications*, 31, 381-384.
18. Miraglia D, Ranucci D, Branciari R, Cioffi A, Mammoli R, Goga BT C and Avellini P (2007b). Prevalence of *Campylobacter jejuni* and *Campylobacter coli* in chicken hybrids with different growth rates, reared according to conventional and "Free-Range" production methods. *Veterinary Research Communications*, 31, 381-384.

19. Codega de Oliveira A, Bartocci E., Ortenzi R, Vizzani A and Cenci Goga BT (2006). Detection of *Enterococcus faecalis* resistant to tetracycline by a two-step PCR with nested primerS *Veterinary Research Communications*, 30, 353-356.
20. Miraglia D, Mammoli R, Branciari R, Ranucci D and Cenci Goga BT (2006). Characterization of muscle fibre type and evaluation of the presence of giant fibres in two meat chicken hybridS *Veterinary Research Communications*, 30, 357-360.
21. Cenci-Goga BT, Ortenzi R, Bartocci E., de Oliveira A C, Clementi F and Vizzani A (2005). Effect of the implementation of HACCP on the microbiological quality of meals at a university restaurant. *Foodborne Pathogens and Disease*, 2, 138-145.
22. Branciari R, Cenci-Goga BT, Rea S and Avettini P, 2004: Evaluation of hygienic characteristics of Italian "Fossa" cheese. In: FJM Smulders and J. D Collins (edS), *Safety Assurance during Food Processing*
23. Cenci-Goga BT, Crotti S, Costarelli S, Rondini C, Karama M and Bennett P (2004). Detection of tet(M) gene from raw milk by rapid DNA extraction followed by a two-step PCR with nested primerS *Journal of Food Protection*, 67, 2833-2838.
