

GAME OF RESEARCH

VETERINARY SHARING DAY

MORNING SESSION

- 8.30-9.00 **PARTICIPANTS REGISTRATION**
- 9.00-9.30 **OPENING and WELCOME**, intervengono:
 Prof. Maurizio Oliviero, Rettore dell'Università degli studi di Perugia
 Prof. Helios Vocca, Delegato del Rettore per il settore Ricerca, valutazione e fund-raising
 Prof. Fabrizio Rueca, Direttore del Dipartimento di Medicina Veterinaria
 Dr. Vincenzo Caputo, Direttore Generale IZS Umbria-Marche
 Prof. Marco Pepe, Coordinatore del Corso di Dottorato in Sanità e Scienze Sperimentali Veterinarie
 Prof. Francesco Porciello, Direttore Sanitario OVUD
 International Veterinary Students's Association (ISVA) Perugia
- 9.30-9.45 **ROSSANA ROILA** - Olive oil by-products polyphenols: a sustainable strategy against beef burger spoilage
- 9.45-10.00 **LAURA MUSA** - Preliminary investigation on the role displayed by wild birds in antibiotic resistance circuit
- 10.00-10.15 **ELEONORA MONTI** - Topical autologous platelet-rich plasma in management of perianal fistulas in a German shepherd dog
- 10.15-10.30 **MARIA FEDERICA DELLA VALLE (INNOVET)** - Not just PEA... New data on PGA (palmitoylglucosamine) efficacy
- 10.30-10.45 **EDOARDO FIORILLA** (Vincitore GoR Torino 2021) - Poultry biodiversity as an alternative to industrial farming
- 10.45-11.00 **ELISA PALMIOLI** - The expression of the leptin system in the abomasum of the sheep
- 11.00-11.15 **COFFEE BREAK** (Sponsored by Hill's)
- 11.15-11.30 **Intervento esterno - ArcoBlu**
- 11.30-11.45 **GIOVANNI BONAIUTO** (Vincitore GoR Bologna 2022) - Use of laser technology for direct and individual measurement of enteric methane.
- 11.45-12.00 **DINA GUERRA** (Vincitrice GoR Bologna 2022) - High sensitivity and negative predictive value of metilen blue as a single technique in sentinel lymph node mapping: a prospective study on 25 dogs with low grade cutaneous mast cell tumours
- 12.00-12.15 **DANIELA FABIANI** (Advance) – A pilot study on evaluation of wet diet “Advance Veterinary Diets Gastroenteric” for dogs.
- 12.15-12.30 **SURGICAL MISTERY CASE** - Quiz - App Kahoot

12:45-14.00

LUNCH BREAK (sponsored by Hill's) **AND POSTER TOUR**

AFTERNOON SESSION

- 14.00-14.45 **PhD Lab - Spazio riservato ai dottorandi del XXXVII ciclo** (Caterina Altissimi, Flavia Ferlisi, Adriana Lo Giudice, Giulia Maggi, Daniele Marini, Irma Nisi, Giulia Rigamonti, Valeria Toppi)
- 14.45-15.00 **VIRBAC** – Short presentation of products
- 15.00-15.15 **ALICE BERTOLETTI** - Surgical management of an intraabdominal chondrosarcoma in a mare
- 15.15-15.30 **SAMANTA MECOCCI** - Cow and goat milk extracellular vesicle effects on in vitro models of human intestinal inflammation
- 15.30-15.45 **TRAVELLING SCIENTISTS** - international training (Daniele Marini, PhD student)
- 15.45-16.00 **CAMILLA CAPACCIA** - Extracellular circulating miRNAs as stress-related signature to search and rescue dogs
- 16.00-16.15 **COFFEE BREAK**
- 16.15-16:30 **CRISTIANA ZOCCHI** (Hill's) – Innovative approach to the nutrition of small animals: nutrigenomics
- 16.30-16.45 **ALESSIA TOGNOLONI** - Platelet Rich Plasma (PRP) protects equine tenocytes exposed to hydrogen peroxide by activating Nrf2-mediated antioxidant defense response.
- 16.45-17.00 **MARCELO MARTINEZ BARBITTA** - Correlation between simultaneous hypothyroidism and hypoluteoidism as a cause of abortion in bitches
- 17.00-17.15 **“CHALLENGE YOURSELF”** – Multidisciplinary quiz - App Kahoot
- 17.15-18.00 **GoR AWARDS and CLOSING REMARKS**
- 18.00-18.45 **“Non c'è posto per te”** - RAPPRESENTAZIONE TEATRALE
