

## M. TRABALZA MARINUCCI: ELENCO PUBBLICAZIONI 2004-2013

1. Ranucci D, Branciarri R, Acuti G, Della Casa G, Trabalza-Marinucci M, Miraglia D (2013). Quality traits of Ciauscolo salami made from meat of pigs fed diet enriched with rosemary extract. *It J Food Safety*, 2, 49 – 52.
2. Sforza M, Rueca F, Mughetti L, Acuti G, Antonini C, Cappuccini S, Mechelli L, Trabalza Marinucci M (2012). Somministrazione di lino estruso e rilievi istopatologici epatici nella pecora in lattazione. *Progress in Nutrition*, 14, 194-198.
3. Mughetti L, Sinesio F, Acuti G, Antonini C, Moneta E, Peperario M, Trabalza-Marinucci M (2012). Integration of extruded linseed into dairy sheep diets: effects on milk composition and quality and sensorial properties of Pecorino cheese. *Anim Feed Sci Technol*, 178, 27-39.
4. Acuti G, Trabalza-Marinucci M, Cagiola M, Pela M, Curina G, Moscati L (2012). Extruded linseed supplementation in the diet of dairy sheep: The effects on immune response and oxidative stress as affected by the physiological state. *Small Rum Res*, 106, 21-28.
5. Branciarri R, Valiani A, Trabalza-Marinucci M, Miraglia D, Ranucci D, Acuti G, Esposto S, Mughetti L (2012). Consumer acceptability of ovine cheese from ewes fed extruded linseed-enriched diets. *Small Rum Res*, 106, 43-48.
6. Ramanzin M, Amici A, Casoli C, Esposito L, Lupi P, Marsico G, Mattiello S, Olivieri O, Ponzetta MP, Russo C, Trabalza Marinucci M (2010). Meat from wild ungulates: ensuring quality and hygiene of an increasing resource. *It J Anim Sci*, 9, 318 – 331.
7. Branciarri R, Miraglia D, Ranucci D, Esposto S, Trabalza Marinucci M, Servili M, Avellini P, Valiani A (2009). Aromatic characteristics of Pecorino cheeses obtained from milk of ewes fed diets containing different extruded linseed concentrations. *It J Food Safety*, 5, 44 – 48.
8. Acuti G, Todini L, Malfatti A, Antonini M, Barbato O, Trabalza Marinucci M (2009). Effects of field bean (*Vicia faba* L. var. minor) dietary supplementation on plasma thyroid hormones, insulin, insulin-like growth factor-1 concentrations and mohair characteristics in growing Angora goat kids. *J Anim Physiol Anim Nutr*, 93, 456 – 466.
9. M. Trabalza Marinucci, Brandi G, Rondini C, Avellini L, Giammarini C, Costarelli S, Acuti G, Orlandi C, Filippini G, Chiaradia E, Malatesta M, Crotti S, Antonini C, Amagliani G, Manuali E, Mastrogiacomo AR, Moscati L, Haouet MN, Gaiti A, Magnani M (2008). A three-year longitudinal study on the effects of a diet containing genetically modified Bt176 maize on the health status and performance of sheep. *Livestock Sci*, 113, 178 – 190.
10. Cappelli K, Antonini C, Verini Supplizi A, Trabalza Marinucci M (2007). Application of cDNA-AFLP method for studying gene expression in *Fibrobacter succinogenes* S85 exposed to 134.2 kHz electromagnetic field. *It J Anim Sci*, 6(1), 281.
11. Mughetti L, Acuti G, Antonini C, De Vincenzi S, Olivieri O, Trabalza Marinucci M (2007). Effects of feeding raw or extruded linseed on the ruminal ecosystem of sheep. *It J Anim Sci*, 6(1), 327 – 329.
12. Todini L, Trabalza Marinucci M, Malfatti A, Barbato O, Stradaoli G, Cavallucci C, Debenedetti A (2007). Pre-and post-feeding plasma gastrin-17 and insulin concentrations and feed intake in female goats during different physiological stages. *Small Rum Res*, 71, 38 – 47.
13. Todini L, Malfatti A, Valbonesi A, Trabalza Marinucci M, Debenedetti A (2007). Plasma total T3 and T4 concentrations in goats at different physiological stages, as affected by the energy intake. *Small Rum Res*, 68, 285 – 290.
14. Trabalza Marinucci M, Poncet C, Delval E, Fonty G (2006). Evaluation of techniques to detach particle-associated microorganisms from rumen contents. *Anim Feed Sci Technol*, 125, 1 – 16.
15. Antonini C, Trabalza Marinucci M, Franceschini R, Mughetti L, Acuti G, Faba A, Asdrubali G, Boiti C (2006). In vivo mechanical and in vitro electromagnetic side-effects of a ruminal transponder in cattle. *J Anim Sci*, 84, 3133 – 3142.
16. Trabalza Marinucci M, Capecci A, Riganelli N, Acuti G, Antonini C, Olivieri O (2005). Dietary preferences and ruminal protozoal populations in roe deer (*Capreolus capreolus*), fallow deer (*Dama dama*) and mouflon (*Ovis musimon*). *It J Anim Sci*, 4(2), 401-403.
17. Asdrubali G, Franciosini MP, Trabalza Marinucci M, Branciarri R, Ranucci D, Severini M, Olivieri O (2004). Improved health and quality in Italian organic chicken. *World Poultry*, 20, 50 – 51.
